

Dear FCC Commissioners & Staff:

I would just like to say that I have been with a small Isp. for about Nine years now and I would like to stay with them, I't all come down to Chosing one that works, Service, Service, Service...If the F.C.C takes that away , what do we as people have ? we must go with the won that wins the Battle. NO one wins ,BUT the larger ISP's MA ' BELL... I like who I use and pay the same price that I can get from Ma' Bell and I get beter service from my small Isp... thank you .

Sincerely,

Mr. Kirk A. Buck
